| A: Place Value, Add and Subtract                                             |     | B: Multiply, Divide and Fractions                                                                                   |           | C: Measure and Geometry                                                                                                                                                                                  |      |
|------------------------------------------------------------------------------|-----|---------------------------------------------------------------------------------------------------------------------|-----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| 1. What is the missing number?<br>18 <input type="text"/> 36 45 54           | 4:1 | 11. $42 \div 6 =$                                                                                                   | 4:9       | 21. How many metres (m) are in 3.5 kilometres (km)?                                                                                                                                                      | 4:19 |
| 2. What is the missing number?<br>49 56 63 <input type="text"/> 77           | 4:1 | 12. Two factors of 28 add up to 9. What are they?                                                                   | 4:10      |                                                                                                                                                                                                          |      |
| 3. What is 1,000 <b>more</b> than 150?                                       | 4:2 | 13. $234 \times 5 =$                                                                                                | 4:11      | 22. The sides of a rectangle are 2m and 6m.<br>                                                                       | 4:20 |
| 4. Round this number to the nearest 10:<br>1,543                             | 4:2 | 14. In a class of 18 there are 2 girls for every 1 boy. How many girls are there?                                   | 4:12      | What is the perimeter of the rectangle?                                                                                                                                                                  |      |
| 5. What is $3 - 5$ ?                                                         | 4:3 | 15. $\frac{1}{3} = \frac{?}{15}$  | 4:13      | 23. About how much is in this 1 litre jug? Write a, b or c.<br>a. about 250ml<br>b. about 550ml<br>c. about 750ml<br> | 4:21 |
| 6. What is the value of the <b>2</b> in this number?<br>2,789                | 4:4 | 16. What is the missing number?<br>1.72 1.73 1.74 <input type="text"/> 1.76                                         | 4:14      |                                                                                                                                                                                                          |      |
| 7. Write the number 22 in Roman numerals.                                    | 4:5 | 17. $\frac{3}{13} + \frac{6}{13}$                                                                                   | 4:15      | 24. How would 2 pm be shown on a 24 hour digital clock?<br>                                                         | 4:22 |
| 8. $4,528 - 216 =$                                                           | 4:6 | 18. Write $\frac{1}{4}$ as a decimal number.                                                                        | 4:16      |                                                                                                                                                                                                          |      |
| 9. Write the sum to check $239 + 154 = 393$ :<br>$393 - \text{ } = \text{ }$ | 4:7 | 19. $23 \div 100 =$                                                                                                 | 4:17      | 25. What is the special name for this type of triangle?<br>                                                         | 4:23 |
| 10. I have £1. I spend 34p then 45p. How much do I have left?                | 4:8 | 20. Round 3.4 to the nearest whole number.                                                                          | 4:18      |                                                                                                                                                                                                          |      |
| Total (A)                                                                    |     | Total (B)                                                                                                           |           | Total (C)                                                                                                                                                                                                |      |
| Test Total (A+B+C)                                                           |     | R (0-9)                                                                                                             | Y (10-19) | G (20-25)                                                                                                                                                                                                |      |
