

HOME LEARNING

Week 1 – Monday 20th April – Friday 24th April 2020

Please find in our 'Week 1 Nursery Home Learning Resource', with suggested activities to support a progression in your child's learning.

Please feel free to adjust activities to fit your child's individual interest and continue to carry out other home learning activities as they arise in daily life and play. We will enjoy seeing how you are getting on, so please keep sharing your learning via Tapestry or email.

Plant some seeds/flowers in the garden (if you have any at home). Talk about 'growing'. 	Practise your cutting skills. You could cut pictures from magazines/catalogues and make a lovely picture. 	Practise riding your bike/ scooter in the garden. 
Help make the tea – can you cut up the vegetables or count out the correct number of plates, knives and forks? 	Bake something yummy – make a delicious treat to enjoy whilst at home. 	Enjoy lots of books together – create a book basket with all of your favourites in, that you can visit throughout your days at home. 
Create a hunt for the garden – you could hide animals, letters, numbers or anything you have. See who can find the most! 	Threading – can you stand some spaghetti into some play dough and thread some Cheerios onto them to practise your fine motor skills? 	Can you practise writing your name? 
Can you practise your sharing and turn taking at home when playing a range of games/board games? 	Can you match the rhyming words together on the eggs? (see resources) 	Can you create a diary of what you are doing each day? You could draw a picture of one thing you have enjoyed or what the weather was like. You could add labels or letters (initial sounds) to your work too.
