

HOME LEARNING

Week 7 - Monday 13th July - Friday 17th July 2020

Here is our 'Week 7 Nursery Home Learning Resource' with suggested activities to support a progression in your child's learning throughout the second half of the summer term.

Please feel free to adjust activities to fit your child's individual interests and continue to carry out other home learning activities as they arise in daily life and play. We will enjoy seeing how you are getting on, so please keep sharing your learning via Tapestry or email.

Read a pirate themed book with an adult. This could be a fiction book, such as Pirates love Underpants or even a non-fiction book about pirates. 	Design your own pirate flag (see resources). 	Complete the pirate themed pencil control activity (see resources). 
Complete the pirate themed counting activity. 	Practise your cutting using the pirate themed cutting resource. 	Go on a 't' hunt around your home, garden or local area with an adult. What can you find that starts with a 't' sound? 
Complete the 't' workbook. 	Go on a walk to feed some ducks and ducklings. Research tells me that bread is not good for them and they like chopped lettuce, cooked rice, bird seed or oats. 	Practise a skill you haven't tried yet. This could be anything from riding your scooter or hopping to skipping or even knitting. We cannot wait to see the new skills you can master. 
Create a selection of pictures, drawings or photos in a small scrapbook to share with us when you come back to school. We will enjoy seeing all of the wonderful things you have been doing at home recently. 	Find the shapes in the pirate picture (see resources). 	Create your own treasure map (see resources).
